   preliminary review of comments received
- End of March: endorsement advice issued

IFRS 16 Leases- Joint outreach event - Milan - 29 November 2016

### Request from the European Commission

### EFRAG's views on whether IFRS 16:

- · Is not contrary to the true and fair view principle
- Is conducive to the European public good
- Meets the criteria of understandability, relevance, reliability and comparability

EFRAG should supports its advice by an impact analysis, including a cost-benefit analysis and analysis of the broader economic impacts.

### Request from the European Commission

The EC asked EFRAG as well to take into consideration in its assessment of IFRS 16:

- · General:
  - Appropriateness of a definition of a lease
  - Asymmetry between lessee and lessor accounting
  - Is IFRS 16 overly complex?
  - Is IFRS 16 an improvement over IAS 17?
- Potential effects on stakeholders' behaviour
  - Will companies change the way they use leases
  - Are capital providers likely to change their investment?
  - Impact on the lease industry

IFRS 16 Leases- Joint outreach event - Milan - 29 November 2016 6 Gurspean Francial Reporting Advisory Group

### Request from the European Commission

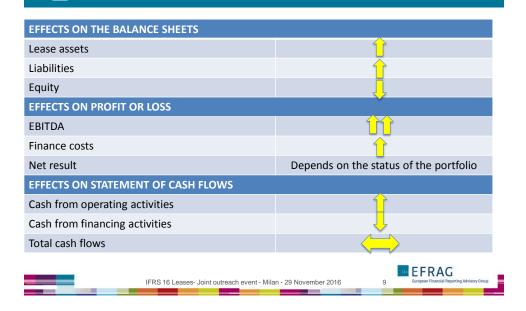

The EC asked EFRAG as well to take into consideration in its assessment of IFRS 16:

- Potential impact on competitiveness
  - How could IFRS 16 affect SMEs?
  - Will the impact on the leasing industry have knock-on effects on SMEs' access to leases as a source of finance?
  - Would there be a disadvantage for EU companies compared to US competitors?
- Potential effects on financial stability
  - Analysis of impacts on the financial sector (financial ratios, debt covenants, credit scores, required level of bank capital etc)

#### Analysing the impacts: basic approach · Increased leverage **Financial** • Lower operating expense statement · Higher depreciation and interest EBIT and effects costs **EBITDA** • Lease vs buy decisions Effect on · Lending decisions (credit spreads) behaviours · Investing decisions (required return) Impact of Investment behavioural · Cost of borrowing/capital changes EFRAG IFRS 16 Leases- Joint outreach event - Milan - 29 November 2016

# Simulation of effects on financial statements

# Simulation of effects on financial statements (on a sample of 417 companies)

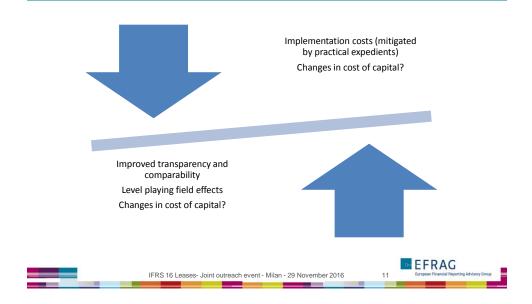

| Industry                         | Simulated liability (Euro bn) | % of total debt |
|----------------------------------|-------------------------------|-----------------|
| Consumer Discretionary           | 93.4                          | 17%             |
| Consumer Staples                 | 64.5                          | 21%             |
| Energy                           | 60.8                          | 26%             |
| Healthcare                       | 17.5                          | 10%             |
| Industrials                      | 79.5                          | 20%             |
| Information Technology           | 8.2                           | 22%             |
| Materials                        | 14.3                          | 9%              |
| Telecoms                         | 49.4                          | 20%             |
| Utilities                        | 16.5                          | 4%              |
| Total (excl. Financial Services) | 404.7                         | 16%             |

### Cost and benefit assessment

## EFRAG's preliminary position

EFRAG's overall preliminary assessment is that IFRS 16

- ✓ Meets the criteria of understandability, relevance, reliability and comparability
- ✓ Is not contrary to the true and fair view principle
- ✓ Would improve financial reporting compared to IAS 17
- ✓ Would not put European entities at a competitive disadvantage taking into account the lack of convergence with the equivalent US GAAP standard

Grepnen Financial Reporting Advisory Group

### EFRAG's preliminary position

EFRAG has not yet assessed whether IFRS 16 would reach an acceptable cost-benefit trade-off Additional work conducted during consultation period:

- Additional research on the impact on SMEs
- Additional outreach with users
- Obtain evidence and input from an economic study commissioned by EFRAG

EFRAG has *not* yet reached a preliminary conclusion whether IFRS 16 is conducive to the European public good.

# EFRAG seeking users' input on ...

### User questionnaire

- · Impact of IFRS 16 on user activity:
  - Adjustments to figures about leases
  - Expectation to adjusted reported figures for low-value items and short-term leases.
- Benefits and costs of IFRS 16
  - Will IFRS 16 be a better and more transparent basis for analysis compared to IAS 17?
  - Is there additional time/costs needed? If so, the first time IFRS 16 is applied or on a continuous basis?
