ANNEX

Specific terms and conditions applicable to the contract

1. EFRAG shall effect any payment relating to this contract by transfer to the bank account indicated on the contractor's tender in the form of an IBAN and BIC bank code.
2. Any request for payment must be sent to EFRAG, Square de Meeus 35, 1000 Brussels, Belgium. Part-invoicing will not be accepted if it has not been specifically provided for in this contract.
3. The sums due in respect of full performance of this contract shall be payable within 30 calendar days of the date of receipt of the request for payment by EFRAG (see point 2). Payments shall be made only if the contractor has fulfilled all his contractual obligations by the date on which the invoice is submitted. In the event of late payment, the contractor shall be entitled to receive interest on arrears. Interest shall apply to the period elapsed between the calendar day following the payment deadline and the actual date of payment. Where interest on arrears is equal to or less than € 200 it shall be paid to the contractor only on presentation of a request no later than two months after the date of receipt of payment. The payment period may be suspended by EFRAG if the amount is not due at the date of reception of the payment request, if the appropriate supporting documents have not been produced or if complementary verifications are necessary to assure the eligibility of the expenditure. EFRAG notifies the contractor by registered letter with acknowledgement of receipt or by equivalent method that his request is not admissible. Suspension shall take effect from the date of dispatch of the notification.
The payment request will be rejected if the amount is not due, if it is erroneous and shall be subject to a credit note or if it does not contain the essential elements required or if the payment request was established in violation of the applicable tax regulations.
4. EFRAG makes it explicit that it has no VAT status and therefore should be invoiced VAT included, would VAT be applicable to the provision of the services concerned.
5. Acceptance of the contract signifies the waiver of all other conditions.
6. In the event of delay, manifest negligence or non-performance of this contract, EFRAG may secure adequate reparation for the loss sustained, augmented where appropriate by any interest and costs borne by it in relation thereto, by deducting the relevant amount from the balance of the price still due to the contractor. Without prejudice to any proceedings initiated by the contractor, EFRAG shall determine the amount of damages, interest and costs with a view to the deduction thereof.
Instead of applying the first paragraph, in the event of delay EFRAG may apply a penalty for each calendar day's delay beyond the deadline initially scheduled for performance of services.
7. Unless otherwise indicated overleaf, this contract is governed by Belgian law, supplemented by the law of the place of performance.
8. Any personal data included in the tender and the contract shall be processed pursuant to Regulation (EU) on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the 2018 Belgian Privacy Act. The contractor may not, without the prior written authorisation of EFRAG, assign all or part of the rights and obligations arising from the contract, or subcontract any part of the performance of the obligations which he has undertaken, or cause them to be performed in fact by third parties.
