EFRAG – ISSB joint event

Unlocking Synergy: Interoperability Guidance on IFRS Sustainability Disclosure Standards and European Sustainability Reporting Standards

Thursday 23 May, from
14.00 to 16.00 CET

Hybrid event, Brussels

Join us for the EFRAG/ISSB joint event "Unlocking Synergy: Interoperability Guidance on IFRS Sustainability Disclosure Standards and European Sustainability Reporting Standards" on 23 May 2024, where we will explore the guidance material demonstrating the high level of alignment between the European Sustainability Reporting Standards (ESRS) and the International Sustainability Standards Board's IFRS Sustainability Disclosure Standards, and how a company can apply both sets of standards.

This event marks a significant milestone in how companies can efficiently comply with both sets of standards, fostering transparency, comparability, and accountability in sustainability reporting. Don't miss this opportunity to gain valuable insights and unlock the potential of reducing duplication in your reporting.

Speakers include:

- **Patrick de Cambourg**, EFRAG SRB Chair
- **Emmanuel Faber**, ISSB Chair
- **Chiara Del Prete**, EFRAG SR TEG Chair
- **Sue Lloyd**, ISSB Vice-Chair

Register [here](#) to join us in person Thursday 23 May in Brussels or online. **Please note that in-person registration is subject to confirmation due to the venue capacity limits.** The programme and the venue will be published in due course.
