On 29 April 2022, EFRAG launched a [public consultation](#) on the Exposure Drafts on Draft European Sustainability Reporting Standards. The public consultation is seeking views on the proposed disclosure requirements, including their adequacy, how the way the CSRD principles have been implemented and possible options for phasing-in the implementation.

In this context, EFRAG, BETTER FINANCE, BEUC, EFFAS and Finance Watch are organising a joint outreach event and invite all interested stakeholders to participate. User and consumer contributors will provide their views on the proposed disclosure requirements and will further comment from their perspective on the EDs of Draft ESRS during three panel discussions. The audience will be able to interact, raise questions and answer polling questions that will be commented by the speakers.

Programme will follow in due course.
