

This paper has been prepared by EFRAG Secretariat for discussion at a public meeting of the EFRAG Board. The paper does not represent the official views of EFRAG or any individual member of the EFRAG Board or EFRAG TEG. The paper is made available to enable the public to follow the discussions in the meeting. Tentative decisions are made in public and reported in EFRAG Update. EFRAG positions as approved by the EFRAG Board are published as comment letters, discussion or position papers or in any other form considered appropriate in the circumstances.

Technical Work Plan July 2017 – February 2018

Objective

- 1 The objective of this session is for the EFRAG Board to conduct its monthly review of the technical work plan and advise of any necessary changes.

Background

- 2 In the past, the EFRAG Board requested that:
 - (a) an explanation be provided for any IASB implementation projects that are classified as significant; and
 - (b) the work plan be updated and presented for approval at every meeting.
- 3 Attachment 1 to this note contains the reasoning behind classifying IASB implementation projects as significant. No new projects have been classified as significant.
- 4 At its June 2017 meeting, the EFRAG Board agreed that as responses to IASB post-implementation reviews collate European views and do not include an EFRAG position, post-implementation review responses should be finalised by EFRAG TEG. IASB proposed post-implementation reviews have been included in the work plan for the convenience of EFRAG Board members, but no action is expected from the EFRAG Board.
- 5 At its meeting in September 2016, the EFRAG Board agreed that the classification of IASB research projects as significant or for processing by written procedure should be deferred until the significance of each project emerges.
- 6 Attachment 2 to this note contains the draft technical work plan, based on the IASB's work plan issued in June 2017 and the research work plan. It also identifies the expected timing of written procedures.

Questions for the EFRAG Board

- 7 Does the EFRAG Board approve the technical work plan?

Attachment 1: Basis for classifying minor projects as significant

IFRS Practice Statement: Application of Materiality to Financial Statements

- 8 In order to assess whether the draft Practice Statement is likely to have the desired impact, the EFRAG Board originally decided to discuss the draft comment letter in public. However, the draft comment letter was finalised by written procedure when the November 2015 meeting of the EFRAG Board was rescheduled as a conference call.

- 9 The EFRAG Board finalised the comment letter to the IASB in the March 2016 meeting. The project was discussed at the July 2016 ASAF meeting and the IASB is now planning to publish the Practice Statement in September 2017. We will bring a summary of the Practice Statement to the October EFRAG Board meeting.

Attachment 2: Work plan May – December 2017

Legend

Bold = EFRAG Board decision point **DCL** = Draft comment letter
WP = Written procedure **FCL** = Final comment letter
DP = Discussion paper **DEA** = Draft endorsement advice
ED = Exposure draft **FEA** = Final endorsement advice

Project	Most recent status		2017
