

This paper has been prepared by the EFRAG Secretariat for discussion at a public meeting of the EFRAG Board. The paper does not represent the official views of EFRAG or any individual member of the EFRAG Board or EFRAG TEG. The paper is made available to enable the public to follow the discussions in the meeting. Tentative decisions are made in public and reported in EFRAG Update. EFRAG positions as approved by the EFRAG Board are published as comment letters, discussion or position papers or in any other form considered appropriate in the circumstances.

Technical Work Plan September 2019 – February 2020

Objective

- 1 The objective of this session is for the EFRAG Board to conduct its regular review of the technical work plan and advise of any necessary changes.

Background

- 2 In the past, the EFRAG Board requested that:
 - (a) an explanation be provided for any IASB implementation projects that are classified as significant; and
 - (b) the work plan be updated and presented for approval at every meeting.
- 3 Attachment 1 to this note contains the reasoning behind classifying IASB projects as significant.
- 4 At its June 2017 meeting, the EFRAG Board agreed that, as responses to IASB post-implementation reviews collate European views and do not include an EFRAG position, post-implementation review responses should be finalised by EFRAG TEG. IASB proposed post-implementation reviews have been included in the work plan for the convenience of EFRAG Board members, but no action is expected from the EFRAG Board.
- 5 At its meeting in September 2016, the EFRAG Board agreed that the classification of IASB research projects as significant or for processing by written procedure should be deferred until the significance of each project emerges.
- 6 Attachment 2 to this note contains the draft technical work plan, based on the IASB's work plan at the time of preparing this paper (excluding the IFRS Taxonomy and the *IFRS for SMEs* projects) and the EFRAG research work plan. It also identifies the expected timing of written procedures.

Questions for the EFRAG Board

- 7 Does the EFRAG Board approve the technical work plan?

Attachment 1: Basis for classifying research projects or minor projects as significant

Financial Instruments with Characteristics of Equity

- 8 Given the potential impact of this project, especially for financial institutions, the EFRAG Board decided that the EFRAG position on the IASB's Discussion Paper *Financial Instruments with Characteristics of Equity* should be considered in a public meeting rather than by written procedure. The Discussion Paper was issued in June 2018 and the EFRAG Board approved the final comment letter at its meeting in January 2019.

Primary Financial Statements

- 9 At its meeting in April 2017, the EFRAG Board decided that the EFRAG comment letter on the IASB's *Primary Financial Statements* project should be considered in a public meeting. The *Primary Financial Statements* project is likely to lead to significant changes to the presentation of financial performance.
- 10 The EFRAG Board was updated on the development of the IASB project at its meeting in December 2018 jointly with EFRAG TEG. The Exposure Draft is expected in Q4 2019.

Goodwill and Impairment

- 11 The EFRAG Board decided to consider this project in public meeting, given the significant work undertaken by EFRAG in recent years.
- 12 The EFRAG Board was provided with an update on the development of the IASB's project at its meeting in December 2018 jointly with EFRAG TEG. A Discussion Paper is expected in Q4 2019.

IBOR Reform and its Effects on Financial Reporting

- 13 The EFRAG Board noted the potentially significant impact on financial markets of the regulatory activities reforming the various IBORs currently in use. Although the EFRAG Board originally decided that this project should be considered in a public meeting, the EFRAG Board agreed that in view of the urgency it would approve the draft and final endorsement advices by written procedure.
- 14 The amendments to IFRS 9 *Financial Instruments* and IAS 39 *Financial Instruments: Recognition and Measurement* are expected on 26 September 2019.
