

This paper has been prepared by the EFRAG Secretariat for discussion at a public meeting of the EFRAG Board. The paper does not represent the official views of EFRAG or any individual member of the EFRAG Board or EFRAG TEG. The paper is made available to enable the public to follow the discussions in the meeting. Tentative decisions are made in public and reported in EFRAG Update. EFRAG positions as approved by the EFRAG Board are published as comment letters, discussion or position papers or in any other form considered appropriate in the circumstances.

Technical Work Plan January 2020 – June 2020

Objective

- 1 The objective of this session is for the EFRAG Board to conduct its regular review of the technical work plan and advise of any necessary changes.

Background

- 2 In the past, the EFRAG Board requested that:
 - (a) an explanation be provided for any IASB implementation projects that are classified as significant; and
 - (b) the work plan be updated and presented for approval at every meeting.
- 3 Attachment 1 to this note contains the reasoning behind classifying IASB projects as significant.
- 4 At its June 2017 meeting, the EFRAG Board agreed that, as responses to IASB post-implementation reviews collate European views and do not include an EFRAG position, post-implementation review responses should be finalised by EFRAG TEG. IASB proposed post-implementation reviews have been included in the work plan for the convenience of EFRAG Board members, but no action is expected from the EFRAG Board.
- 5 At its meeting in September 2016, the EFRAG Board agreed that the classification of IASB research projects as significant or for processing by written procedure should be deferred until the significance of each project emerges.
- 6 Attachment 2 to this note contains the draft technical work plan, based on the IASB's work plan at the time of preparing this paper (excluding the IFRS Taxonomy and the *IFRS for SMEs* projects) and the EFRAG research work plan. It also identifies the expected timing of written procedures.

Questions for the EFRAG Board

- 7 Does the EFRAG Board have any comments on the technical work plan?

Attachment 1: Basis for classifying research projects or minor projects as significant

Financial Instruments with Characteristics of Equity

- 8 Given the potential impact of this project, especially for financial institutions, the EFRAG Board decided that the EFRAG position on the IASB's Discussion Paper *Financial Instruments with Characteristics of Equity* should be **considered in a public meeting** rather than by written procedure. The Discussion Paper was issued in June 2018 and the EFRAG Board approved the final comment letter at its meeting in January 2019.

Primary Financial Statements

- 9 At its meeting in April 2017, the EFRAG Board decided that the EFRAG comment letter on the IASB's *Primary Financial Statements* project should be **considered in a public meeting**. The *Primary Financial Statements* project is likely to lead to significant changes to the presentation of financial performance.
- 10 The EFRAG Board was updated on the development of the IASB project at its meeting in December 2018 jointly with EFRAG TEG and in the meeting in December 2019. The Exposure Draft was published in December 2019. The approval of the comment letter is planned for the meeting on 18 February 2020.

Goodwill and Impairment

- 11 The EFRAG Board decided to **consider this project in public meeting**, given the significant work undertaken by EFRAG in recent years.
- 12 The EFRAG Board was provided with an update on the development of the IASB's project at its meeting in December 2018 jointly with EFRAG TEG and in the meeting in December 2019. A Discussion Paper is expected in Q1 2020. The next update for the EFRAG Board is planned for the meeting on 18 February 2020.

IBOR Reform and its Effects on Financial Reporting

- 13 The EFRAG Board noted the potentially significant impact on financial markets of the regulatory activities reforming the various IBORs currently in use. Although the EFRAG Board originally decided that this project should be considered in a public meeting, the EFRAG Board agreed that in view of the urgency it would approve the Phase 1 endorsement advice by written procedure.
- 14 The Phase 1 amendments to IFRS 9 *Financial Instruments*, IAS 39 *Financial Instruments: Recognition and Measurement* and IFRS 7 *Financial Instruments: Presentation* were issued on 26 September 2019 and the EFRAG final endorsement advice was sent to the EC on 16 October 2019.
- 15 The IASB is presently considering issues to be addressed in Phase 2. The IASB project plan foresees the amendments being discussed at all the meetings taking place between October 2019 and February 2020. EFRAG TEG will be advised by the EFRAG FIWG on their views on the tentative decisions progressively taken by the IASB in this period (with one month of lag) and the EFRAG Board will be updated at the first useful meeting. Unless a decision to switch to written approval is taken in the coming months, we propose to discuss the project at the EFRAG Board in public meetings.

Attachment 2: Work plan November 2019 – March 2020

Legend

- Bold** = EFRAG Board decision point **DCL** = Draft comment letter
WP = Written procedure **FCL** = Final comment letter
DP = Discussion paper **DEA** = Draft endorsement advice
ED = Exposure draft **FEA** = Final endorsement advice
